DETAILED ACTION

Response to Amendment

1. This office action is in response to the amendment filed on October 16, 2002 in which applicant cancels claims 1-22, adds new claims 23-92, and responds to the claim rejections.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 23-46, 56-57, and 91-92 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Regarding Claims 23, 35, 56, 57, 70, 91, and 92, the limitation, "...if the wager is a second wager amount, the second wager amount being larger than the first wager amount." is not supported by the specification. In fact, the specification clearly indicates that the first and second wager amounts are equal in each embodiment described in the specification.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 23-92 are rejected under 35 U.S.C. 102(b) as being anticipated by Wood et al. (U.S. 5,868,619).

The rejection as applied to claims 1-13, and 15-22 in Office Action, Paper No. 8 is retained and incorporated herein.

Response to Arguments

6. Applicant's arguments filed October 16, 2002 have been fully considered but they are not persuasive.

7. Applicant alleges new independent claims 23, 35, 58, and 70 distinguish over Wood et al. because "the claims recite, for example, that a first progressive jackpot is paid "if the wager is at least a first wager amount," and by reciting that a second progressive jackpot is paid "if the wager is at least a second wager amount, the second wager amount being larger than the first wager amount." (emphasis added)." However, the noted limitations are not supported by Applicant's specification. Please see the rejection provided above.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37

Art Unit: 3713

CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
